

Capability Statement www.abacussports.com

Company Overview

Abacus Sports Installations, Ltd. (Abacus Sports) was established in 1991 by Spencer Proud. We are a niche flooring contractor that specializes in supply and installation of sports flooring, exercise flooring, weight room flooring, courts and turf to commercial and government clients.

Facilities and Equipment

- National installation coverage
- Supply/Install a wide variety of GreenCircle and LEED certified floor systems
- In house team of factory certified installers

Capabilities

Projects deploy from our corporate office and warehouse located in Lancaster, PA. Our equipment and installers are factory certified and trained from our industry leading manufacturers Robbins, Tarkett and Regupol.

Expertise

Originally started as an independent installer to address challenging projects, we are able to see and address issues before they become a problem. Our pre-installation site visits and custom built proprietary bid estimating software allow us to offer the best floor system at the most economical price.
