

MADE FOR INTENSE TRAINING

FieldTurf Agility pro features a strong textured Viridian Nylon fiber designed specifically for intense indoor training areas. The system offers excellent durability with less abrasiveness than typical nylon or polypropylene carpets. Combined with a 5mm foam backing, FieldTurf Agility pro doesn't sacrifice on comfort or performance. With a multitude of available colors, you can truly make your facility unique. Backed by FieldTurf's leading reputation and quality, you can trust that AGILITY PRO is the optimal solution for your training or indoor area.
